About the “Hat Lady”

Libby charms everyone with her warm and caring personality. Taking what she has learned in business and family life, she delivers a program that deals with the real issues in our daily lives and in our careers. Encouraging others to look within and realize that it is all about your “Hatitude”.

Speaking Topics

- “Hatitude” Not Attitude Is Everything
- 9 Essentials of Effective Leadership
- Leadership Creates more Sales than Salesmanship

Libby customizes all her presentations for the group she is speaking with. Yes with because she doesn’t want to speak at people but wants each individual to take something from the presentation that will benefit them in their daily lives whether at work or at home.
